I-86 to I-15 detour scheduled for tonight

POCATELLO - Beginning this evening at approximately 8:00 p.m. paint crews will be restriping the ramp from I-86 to I-15 southbound. Work will continue through the night and will end at approximately 6:00 a.m. tomorrow morning. During the restriping work the ramp will be closed and southbound traffic will be detoured through the Northgate Interchange. While it is hoped the work will be completed in one night, there is a possibility the detour will also be used Thursday night to finish striping.

Motorists should carefully follow road signs, obey work zone speed limits, and share the road with other vehicles navigating detours.

Those interested in receiving regular updates on the project can visit the project website at <https://itdprojects.org/i-86-i-15-system-interchange> and sign-up for email updates.
